

## **2nd Annual Buffalo Disc Golf Tournament**

The rainy forecast didn't scare anyone away from the second annual Buffalo Disc Golf Tournament held on June 15<sup>th</sup>, 2024. The breeze kept everyone honest, and no course records were broken but the rain stayed away until the very end of the tournament. The tournament had over 30 participants competing, who ranged in age from 7 years old to almost 70. A real testament to how fun this life-long sport of disc golf can be for anyone wanting to participate.

Once again, Buffalo Covenant Church hosted the event at their public course. Play It Again Sports in Buffalo supplied some great player packs and gave out cash prizes to the top open-category winners. Thank you to these two groups for teaming up with Buffalo Parks and Recreation to make this happen.

In the beginner category, we had some fun with a variety of goofy baskets and awkward lines that had participants enjoying the pop-up course. Parks Department staff set out 6 temporary baskets that were moved around during the event to offer a fun challenge.

The open category was filled with local talent as well as some experienced throwers from the twin cities area. It all came down to sudden death tie breaker between the top two. A large crowd gathered around, and both throwers put their discs out of bounds (OB) on the first hole. But it was a local thrower who rebounded and made it into the basket with one less stroke and bringing home the top prize.
